Project No.:	216-021	
Addendum No.:	Four (04)	

Notice to All Bidders

This Addendum forms a part of the Contract Documents and modifies the original Specifications and Drawings, issued 24 January 2018, to the extent noted hereinafter.

All parties of interest shall take careful note of this Addendum so that proper allowance is made in all computations, estimates and contracts and so that all trades affected are fully advised in the performance of work that will be required by them.

This Addendum supersedes all previous Drawings, Specifications, and instructions pertaining to these items.

A. Clarifications

- | | |
|------------|---|
| Item 04.01 | Clarification on electrical panel GHDP, see sheet E-801. |
| Item 04.02 | Clarification on new and existing air compressors, see sheet P-400A. |
| Item 04.03 | Clarification to stud thickness on sheet A-520. Unit (mil) indicated on the drawing is correct. 18 mil thick metal studs for interior partitions exist, please refer to the Specifications. |
| Item 04.04 | Clarification to sound attenuation blankets/fill voids on sheet A-520. Please include sound attenuation blankets and fill voids as indicated in partition details on the sheet. |

B. Drawings

Item 04.05 The following listed drawings, dated 24 January 2018 are being issued
as part of Addendum No. 04 as REVISED:

E-801	Electrical Schedules
P-400A	Plumbing Enlarged Plans

C. Specifications
